

# JJP-12, 12" PLANER/JOINTER 3HP 1PH 230V

708475

You don't have to choose between buying a jointer or a planer – with the JJP-12, you can have both. Leave it to JET to design a machine that allows quick changeover between jointing and planing functions. This versatile machine features an extra-large aluminum extruded fence with centered controls for quick adjustments, a built-in dust chute capable of handling both planing and jointing operations, and a powerful 3-horsepower induction motor that can handle the toughest lumber. A heavy-duty, fully welded steel base cabinet houses the motor and the planer table mechanism, while providing solid mounting for the associated controls and support for the jointer table and fence assemblies. Best of all, the fence can stay put when changing over functions. It's the best of both worlds, and it comes from JET.

## FEATURES

- Built-in dust chute with 4" dust port used for both jointing and planing operations
- Extra large aluminum extruded fence with centered controls for quick adjustments
- Extremely quick changeover between jointing and planing functions. Fence does not need to be removed
- Heavy-duty cast iron table
- Heavy-duty cast iron tables with a machined finish to ensure accuracy and flatness
- Heavy-duty, one-piece steel closed stand includes mounting tabs for increased stability
- Large aluminum extruded fence
- Large handwheel for quick and precise adjustments of planer table
- Magnetic switch provides safer and more reliable operation
- Parallelogram design keeps the table close to the cutterhead for improved finish and allows for precise depth of cut adjustments
- Powerful 3HP induction motor easily handles the toughest jointing and planing tasks
- Three high-speed steel knife cutter head provides rapid cutting and a superior finish

## JET RED ASSURANCE 5-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
