

JWDS-1020 BENCHTOP DRUM SANDER

723510

The compact JWDS-1020 benchtop sander from JET packs a powerful 1HP motor that will sand boards up to 3" thick and 20" wide. The innovative patented dust hood ensures dust is funneled to the 4 inch dust port that easily connects to a Dust Collector. Adjusting the table back to parallel is convenient with just the turn of a dial. The self-cooling extruded aluminum sanding drum protects the sanding surface from heat damage, preventing waste.

FEATURES

- Abrasive take-up fasteners make changing abrasives quick and easy
- Control system with integrated circuit breaker protects motor from over heating
- Extruded aluminum drum is designed to dissipate heat and protect wood from heat-damage
- Heavy duty die-cast aluminum and steel body provides rigidity for consistent quality
- Infinitely variable-speed control allows the user to choose the optimal feed rate
- Open ended design allows for up to 20" of sanding capacity with 2 passes
- Parallelism adjust dial features a stop to quickly return the conveyor bed to a flat position
- Patented dust hood incorporates an integrated channel that directs dust to a 4" collection port.
- Precision-flattened reinforced steel conveyor bed
- Precision-flattened reinforced steel conveyor bed supports the boards passing under the sanding drum
- Toolless abrasive take-up fasteners make changing abrasives quick and easy

JET RED ASSURANCE 3-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
