58 & 106 GALLON DIESEL CARRYTANKS

Easily transport and transfer diesel fuel wherever it's needed! These tanks provide the convenience of a portable refueling station for farm, construction, recreation, industrial, and fleet markets.

For vehicles requiring diesel exhaust fluid, a separate DEF 10-gallon dispensing tank can attach to the 106-gallon Carrytank.

- Rugged linear polyethylene construction
- Available in 58-gallon and 106-gallon capacities
- 12-volt transfer pump delivers fuel at 10 gallons per minute
- Automatic dispensing nozzle
- Integrated forklift pockets for moving when full
- Molded handles make it easy to lift and carry when empty
- Integrated recesses for securing tanks with ratchet straps during transport
- Protective and lockable cover
- 106-gallon model includes space for tool storage (without DEF tank)

The JDI-DEF10 Diesel Exhaust Fluid (DEF) Tank easily carries and dispenses DEF fluid and diesel fuel with its rugged polyethylene construction designed to fit in storage compartment of the 106-gallon Carrytank.

This self-contained tank includes a separate 12-volt pump, dispensing hose, and nozzle. It is powered by the same 12-volt source as the Carrytank with a separate power plug so you do not need an additional power cable.
