Working Harder To Make Your Job Easier
### Standard Features

- Self leveling design automatically keeps the top of the load at a convenient working height
- Rotator ring with integral finger guard eliminates reaching and stretching
- Captive air operation eliminates mechanical springs
- Secured ball bearing center pivot of the 43” diameter rotator ring provides smooth, even rotation
- Pressure relief valve prevents excess pressure build-up
- Integral maintenance bars
- Surfaces are phosphatized and powder coated with a high quality polyester for a lasting, durable finish
- Rollers are entrapped in the base frame and platform for added stability
- EZ Loaders arrive at your facility fully assembled - just add air
- Easily transported with a fork truck
- The EZ Loader is CE marked under the Machinery Directive (2006/42/EC)
