

PROFESSIONAL LIFTING EQUIPMENT

WHEN SAFETY DEPENDS ON PERFORMANCE!

82019

20 Ton Capacity Pair of **Standard** Truck Ramps

(10 Ton Each Ramp)

82020

20 Ton Capacity Pair of **Wide** Truck Ramps

(10 Ton Each Ramp)

INTENDED USE

*Elevates front or rear of vehicle for access to frame and components.
Particularly useful on vehicles with low profile or ground-effects.*

FEATURES

- Handles tires with up to 10" tread widths.
- Telescopic 34" T-handle extends and lifts up to expose wheels for easy maneuverability around the shop. Retracts for easy storage.
- Perforated holes in ramps provide traction for the tires.
- Non-skid rubber base pads prevent slippage when driving onto or off of ramps.
