Coolee® is the world’s first 3-in-1 portable air cooler designed to keep you and your refreshments cool wherever life takes you. The compact and rechargeable CL-240 is perfect for golfers, campers, pilots, boaters, or anyone else looking to stay cool in hot weather. This proven, take-it-anywhere soft sided cooler is sure to become your favorite piece of gear for all of your recreational adventures.

The Coolee CL-240 is equipped with dual high speed fans and multi-directional air flow nozzles that provide a refreshing blast of ice-chilled air for maximum cooling relief. Simply fill your Coolee with ice cubes or reusable packs and a little water, turn it on, and enjoy. The CL-240’s temperature management system offers two cooling options; ambient air cooling that uses the chilled air inside the cooler for instant cooling relief, or recirculating water cooling that features a micro size water pump matched with a heatsink and heat exchanger for maximum cooling performance. Use the included Coolee air amplifier attachments to produce an even higher velocity of air flow! Every Coolee is equipped with weather-resistant, Bluetooth stereo speakers that let you instantly stream your favorite music, radio, or podcasts from your mobile device for on the go entertainment. Imagine having a cold drink in one hand, a snack in the other, and a chilling breeze surrounding you wherever you go. Make it a reality with the Coolee!

**CL-240 FEATURES**
- Dual, high-airflow brushless cooling fans feature independent 3-speed settings that deliver cold air up to 35°F degrees below the outside temperature
- Soft-cooler design features high-density, abrasion-resistant fabric for leak-proof performance and superior insulation
- Super-polymer rechargeable 10,000mAh lithium-ion battery lasts up to 6 hours
- Shielded impeller water pump delivers boosted efficiency at low noise levels
- Optimized air balance fan blades deliver efficient airflow and pressure
- Detachable shoulder strap and sturdy side handles for easy carrying
- Durable polyethylene thermal insulated ice cooler bin
- Zippered open-top lid provides supreme insulation
- 14 quarts of cooler space for drinks and ice
- Bluetooth® stereo speakers

**SPECS**
- Nominal Voltage: 12V DC
- Dry weight with battery pack: 13.5 lbs.
- Rechargeable 10,000mAh lithium-ion battery
- Battery charge lasts up to 6 hours on low, 4 hours on medium, and 2.5 hours on high
- Interior Dimensions: 13 Inches (H) x 11 Inches (W) x 10 Inches (D)
- Exterior Dimensions: 15 Inches (H) x 13 Inches (W) x 12 Inches (D)
