

# STATIC ZAP

## STATIC ELIMINATION TOOL

## STATICZAP DF-EZAP

- Neutralizes static charge
- Eliminates dust attraction
- Metallic flake will stand up and sparkle
- Easy to use, just hook up to air hose and go
- Lithium ion battery powered

The StaticZap incorporates the efficiency and power of an air amplifier with the proven technology of corona ionization to produce a highly effective anti-static blow-off gun.

Perform the anti-static blow off before starting and at every stage in the painting process to produce a finish that looks like glass. Using this tool cuts down the time needed for wet sanding and buffing, saving labor on post work.
