

10

GALLON LOW-PROFILE ANTIFREEZE DRAIN WITH ELECTRIC EVACUATION PUMP

This extra low-profile drain fits underneath a variety of vehicles as an Antifreeze drain. Make transferring fluid easy with the 110V electric evacuation pump with a rate of up to 5 gpm (depending on fluid temperature) and a 10' evacuation hose with a quick disconnect coupler.

Features include:

- 10-gallon capacity
- 110V electric pump for easy evacuation
- 10' quick disconnect evacuation hose
- 5" ground clearance
- All steel construction
- 4" individual casters
- Long-reach T-Handle makes drain easy to position under vehicles
- T-Handle folds for compact storage
- Expanded metal shield reduces splash
- Internal baffles prevent splashing during transport
