

CONGRATULATIONS ON YOUR

TAKING CARE OF YOUR RACE RAMPS

WARRANTY INFORMATION

A COUPLE NOTES ON USING YOUR RACE RAMPS

- 1) Your Race Ramps are designed to work with high performance cars with street/racing tires. Avoid using them with heavy lug mud tires.
- 2) Drive in the middle of the ramp - make sure the tires don't hang off the sides.
- 3) Your ramps are NOT a bridge and need to be in contact with the ground to work safely.
- 4) Your tire may leave a tire track on the ramp with slight impression, up to 1/8". This is normal.
- 5) It is best to sweep the area that you are going to use the ramps. Small stones on cement can act like ball bearings, allowing the ramps to slide.
- 6) Make sure to not use other materials like metal or wood with the ramps.

CLEANING

In the event your ramps get dirty, use a scrub brush, soap and water to get them clean.

TEMPERATURE AND OUTDOORS

You can use your ramps indoors or outdoors, in most moderate temperatures. If you live in a hot climate, you may want to store your ramps out of direct sunlight. Products with thinner tips can bow one way or the other - if this occurs, just flip the ramps over to reverse the bow.

FLUIDS

Your ramps are impervious to all kinds of automotive fluids, however some may stain the surface.

1 YEAR WARRANTY

All warranty is strictly limited to the repair or replacement of defective item only, and does not cover damage to the car, labor, personal injury or any other damage or injury. Those items sold by Brute Industries, Inc. but manufactured by others are subject to their respective manufacturer's warranty and policy if any. In no event shall Brute Industries, Inc. be responsible for resulting or consequential damage or costs. Brute Industries, Inc. is not responsible for the damage caused by improper use. The warranty shall terminate one (1) year from the date of purchase. Because of constant research and development, specifications are subject to change without notice.

WHAT PEOPLE SAY ABOUT RACE RAMPS®

"I wanted to let you know that **YOUR RAMPS ARE THE BEST!!! THEY ARE LIGHTWEIGHT**, easy to store, and very safe. Awesome products."

-HANK B. NC

"I **COULD NOT BE HAPPIER**. My Race Ramps just saved me \$85 at the garage, which means a quick return on my investment! Thanks for being proudly made in America, too."

-JOE G. OH

"I bought FlatStoppers® to park my car on for winter inside a car capsule so it could be left in neutral with the e-brake off. **IF YOU HAVE ANY DOUBT ABOUT THESE RAMPS, GIVE THEM A TRY**. I was trying to be gentle backing the car up on these things and was expecting them to 'squirt out' from behind the tires-but they did not budge. Whatever they are made of is super lightweight, but very tough."

-JP L. MA

THANK YOU!
